

My Friends Place

Operated by Safe Harbor

Introducing southeastern Washington's first safe overnight sanctuary for homeless teens. Opening fall 2011, My Friends Place will provide immediate basic human survival needs for youth on the streets. Warm meals, showers, laundry, and a safe place to rest is how it begins for youth ages 13 through 17. Next, dedicated staff and volunteer mentors will assist them in accessing long term solutions including family reconciliation services, transitional living arrangements, educational programs, job training, and help with mental health or chemical dependency.
